

Dreamweaver MX

Duration : 30 Hours (Flexible)	Course Fees and Start Dates
Maximum Class Size : 8 <u>Students</u>	For the latest <u>start dates</u> and <u>course fees</u> visit www.edenhousecomputing.co.uk

This series presents instruction on designing for the Web using Macromedia Dreamweaver MX. Topics include an introduction to the new interface and the basic concepts of Web design, in addition to procedures for setting up the site, managing the site and a development team, creating pages, inserting basic text, links, and images, and finding or creating Web-optimized images. The latter part of the series covers advanced topics such as tables and frames, stylesheets, DHTML, data and interactivity, and other complex designs. The content is geared toward basic computer users who are new to Web design, but is also useful for professional Web designers who wish to learn about the new features of Dreamweaver MX.

- Great for your CV
